SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1	Product identifier	TRADE NAME: <i>USB Micro Light</i> CODE: 02030115 (1.5 m) / 020301150 (3 m)
1.2	Relevant identified uses of the substance or mixture and uses advised against	USE OF THE SUBSTANCE / MIXTURE: <i>Steam brake screen for roof and wall</i>
1.3	Details of the supplier of the safety data sheet	RIWEGA GmbH Isola di Sopra Street, 28 I - 39044 Egna (BZ) Tel. +39 0471 827 500
1.4	Emergency telephone number	Gamper Werner Tel. +39 0471 827 500 E-mail: info@riwega.com

SECTION 2: Composition / information on ingredients

2.1	Substances	Characterization Laminated spunbonded diffusion-proof film Main ingredient Polypropylene (CAS n. 9003-07-0) Avivage None Additives UV stabilizer and color additive
-----	------------	--

SECTION 3: Possible dangers

3.1	Classification of the substance or mixture	Designation of the dangers Material is flammable
3.2	Other dangers	Special hazard warnings Keep away from sources of ignition

SECTION 4: First aid measures

4.1	Description of the first aid measure	General information No known cases of poisoning in humans.
4.2	Most important symptoms and effects, both acute and delayed	Eyes No particular dangers known. Skin After contact with molten product, cool quickly with cold water. See a doctor immediately.

SECTION 5: Fire-fighting measures

5.1	Extinguishing agent	Suitable extinguishing media Carbon dioxide, sand Unsuitable extinguishing media Water (for big fires)
-----	---------------------	---

(Continues from page 1)

5.2 Special hazards arising from the substance or mixture

Special dangers

In big fires there is a risk of the formation of flammable and toxic gases.

Special protective measures

None

SECTION 6: Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Personal measures

None

6.2 Environmental protection measures

None

SECTION 7: Handling and storage

7.1 Precautions for safe handling

Transport

No special regulations.

7.2 Conditions for safe storage, including any incompatibilities

Storage

No special regulations.

SECTION 8: Exposure controls and personal protection

8.1 Control parameters

Personal protective equipment

Not mandatory

8.2 Limitation and monitoring of exposure

Limit values to be monitored

MAK / TRK – Value: not applicable

BAT – Value: not applicable

SECTION 9: Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearances

FORM: Solid / COLOR: beige / ODOR: odorless.

9.2 Security relevant data

Melting temperature: 170 °C

Flash point: --- °C

Autoignition temperature: ≈ 340 °C

Density: ≈ 0,4 g/m²

Solubility in water: Insoluble

SECTION 10: Toxicological information

10.1 Information on toxicological effects

General information

None

Rev.03 of: 26/09/2022

SECTION 11: Information on ecology

11.1	Toxicity	Ecotoxic effects None
11.2	Persistence and degradability	Information on degradability Inert; insoluble in water

SECTION 12: Disposal information

12.1	Waste treatment methods	Disposal product: 2-component material (PP + PE / PP + PP) Recyclable
		Disposal packaging Polyethylene film and cardboard

SECTION 13: Transport information

13.1	UN number	General information None
13.2	UN proper shipping name	General information None
13.3	Transport hazard classes	General information None
13.4	Packing group	General information None
13.5	Environmental hazards	General information None
13.6	Special precautionary measures for the user	General information None
13.7	Transport in bulk according to Annex II of MARPOL73 / 78 and the IBC Code	General information None

SECTION 14: Regulations

14.1	Safety, health and environmental regulations / legislation specific for the substance or mixture	Labeling according to GefStoffV / EG does not require labeling
		National regulations does not require labeling

SECTION 15: Other Information

According to § 14 GefStoffV, safety data sheets are only required for dangerous substances, products and preparations. According to Section 3a of the Chemicals Act, window sealing tapes are products of different properties for which no safety data sheets are required. In order to meet the information requirements of our customers, the information relevant to the handling of our pressure-sensitive adhesive tapes is provided based on Directive 91/155 / EEC and Regulation (EC) No. 1907/2006 on the creation of safety data sheets for dangerous substances and preparations.

All of the above information corresponds to our current level of knowledge.

This information describes the product in terms of safety data; they do not represent a guarantee of properties in the sense of a technical specification.

This Safety Data Sheet has been translated into English based on the original German version. Riwega s.r.l. is not responsible for incorrect translations and therefore please refer to the original in German, which can be downloaded from the website www.riwega.com
