

AIR Stop M-TEC 6

Air stop line
Riwega | eternitycomfort

Technical data sheet
of: 06/02/2014
Art. 02202310 - 02202320
Rev.01 of: 18/08/2021

Characteristics	AIR Stop M-TEC 6C	AIR Stop M-TEC 6T
Article	02202310	02202320
Type of application	Electric cables / antennas	Corrugated pipes
Material	Rubber/Aluminum/Butyl	
Colour	Aluminum base / red and white inserts	
Working temperature	From +4°C	
Operating temperature	From -20°C to +100°C	
UV-stability	Stable	
Measurements of the aluminum base	230 x 230 mm	320 x 320 mm
Inserts number	6	
Inserts diameter	4 - 11 mm	16 - 25 mm
Breaking load	4,5 kN/m	
Elongation at break	550 %	
Shore 00	approx.45	
Hardness Shore A	30	
Tensile strength	3 N/mm ²	
Density	1,05 g/cm ³	
Packaging	Boxes of 4 pieces	
Storage	Keep in a cool and dry place for max. 24 months
